PROFESSIONAL SUMMARY

Motivated Software Engineering student with hands-on experience developing web applications and backend APIs. Currently building practical skills in JavaScript, React, Node.js, Express.js, MySQL, HTML, CSS, Git, and GitHub. Interested in full-stack development, problem solving, and continuous learning.

TECHNICAL SKILLS

Programming
JavaScript, Java, C++

Frontend
React, HTML, CSS, JavaScript

Backend
Node.js, Express.js, REST APIs

Database
MySQL

Tools
Git, GitHub, VS Code

Concepts
CRUD, API development, database integration, asynchronous JavaScript, DOM manipulation

EDUCATION

Bachelor of Science in Software Engineering
Addis Ababa Science and Technology University (AASTU)
2029

PROJECTS

Personal Expense Tracker
- Developed a web-based expense management application using HTML, CSS, and JavaScript.

Task Management REST API
- Developed a backend API using Node.js and Express.js.
- Connected the application to a MySQL database.
- Implemented CRUD operations for task management.
- Practiced frontend-backend communication and database integration.
- Used Git and GitHub for version control and collaboration.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Student Clubs
- Participated in student clubs and collaborative activities.
- Worked with peers in team-based learning and development activities.

Mentorship
- Participated in mentorship activities focused on personal development, learning, and peer support.
- Developed communication, teamwork, and collaboration skills.

CORE STRENGTHS

- Problem solving
- Teamwork and collaboration
- Communication
- Continuous learning
- Adaptability
- Self-directed learning

CAREER OBJECTIVE

To gain practical software engineering experience through internships, collaborative projects, and real-world development opportunities while continuously strengthening my technical and professional skills.
